

### Core Question 1: Is the educational program a success?

The Academic Performance Framework, outlined in Core Question 1, gauges the academic success of schools in serving their target populations and closing the achievement gap in Indianapolis. Core Question 1 consists of seven indicators designed to measure schools on how well their students perform and grow on standardized testing measures, attendance, and school-specific measures.

*Note: The Academic Performance Framework has been revised to include additional measures and to reflect changes in state accountability systems. For this reason, not all historical ratings are based on the listed indicator targets, and some historical ratings are not available.*

| 1.1. Is the school's academic performance meeting state expectations, as measured by Indiana's accountability system? |                                       |         |                                                                                                                            |         |                |         |            |
|-----------------------------------------------------------------------------------------------------------------------|---------------------------------------|---------|----------------------------------------------------------------------------------------------------------------------------|---------|----------------|---------|------------|
| Indicator Targets                                                                                                     | Does not meet standard                |         | School has received a 'D' or 'F' for the most recent school year OR has received a 'D' for the last two consecutive years. |         |                |         |            |
|                                                                                                                       | Approaching standard                  |         | School has received a 'C' for the most recent school year.                                                                 |         |                |         |            |
|                                                                                                                       | Meets standard                        |         | School has received a 'B' for the most recent school year.                                                                 |         |                |         |            |
|                                                                                                                       | Exceeds standard                      |         | School has received an 'A' for the most recent school year.                                                                |         |                |         |            |
| School Rating                                                                                                         | Year 8                                | Year 9  | Year 10                                                                                                                    | Year 11 | Year 12        | Year 13 | Year 14    |

The Indiana State Board of Education awarded KIPP Indianapolis College Prep an **D** for its 2013-14 school year performance. A school receives its final letter grade by earning proficiency points in both English/Language Arts and Math, and receiving a combination of bonus and penalty points based on student growth. For detailed information about how the Indiana Department of Education calculates A-F letter grades, click [here](#).

#### State Accountability Results

In Spring 2014, 61.2% of KIPP Indianapolis College Prep students passed the English/Language Arts portion of ISTEP+, while 61.8% of students passed the Mathematics portion.

In English/Language Arts, KIPP Indianapolis College Prep received a bonus point for high growth in the Bottom 25% super subgroup. The school did not receive any penalties for overall low growth.

In Mathematics, the school did not earn any bonus points for high growth in the either super subgroup. However, the school did receive a penalty for overall low growth.

Based on its ISTEP+ proficiency levels and its bonuses and penalties, the school received a **D** for the 2013-14 school

#### English/Language Arts

$$\begin{array}{ccccc}
 \text{D} & + & \uparrow & - & \text{No} \\
 \text{Proficiency} & & \text{Bottom 25\%} & & \text{Growth} \\
 & & \text{Growth Bonus} & & \text{Penalty}
 \end{array}$$

#### Mathematics

$$\begin{array}{ccccc}
 \text{D} & + & & - & \downarrow \\
 \text{Proficiency} & & \text{No Growth} & & \text{Overall} \\
 & & \text{Bonus} & & \text{Growth} \\
 & & & & \text{Penalty}
 \end{array}$$

year and received a **Does Not Meet Standard** on the Office of Education Innovation (OEI) performance framework.

Due to this letter grade, the Indiana Department of Education labeled KIPP Indianapolis College Prep as a Focus school under Indiana's federal ESEA waiver, and the school was required to create a Student Achievement Plan for the 2014-15 school year.

| 1.2. Are students making substantial and adequate gains over time, as measured by the Indiana Growth Model |                                                                                                  |                                                                                                                                                        |                |                |                |                |                |

|                                                                                                            | MS                                                                                               | MS                                                                                                                                                     | DNMS           |                |                |                |                |

Under the Indiana Growth Model, the IDOE compares each student's growth on ISTEP+ from one year to the next and determines whether students made low, typical or high growth compared to their academic peers. For more information on how growth is determined, click [here](#).

Each year, the Mayor's Office looks at a weighted average of students earning typical or high growth to ensure that students are making substantial and adequate gains over time. For more information on this calculation, see page 19 of the expanded criteria of the OEI performance framework.

In 2013-14, 60.8% of KIPP Indianapolis College Prep students made typical or high growth in English/Language Arts, while 54.8% made those gains in Mathematics.

As shown in the table below, a weighted average across both subjects shows that 57.8% of students at KIPP Indianapolis College Prep made sufficient gains in 2013-14. Thus, the school received a Does Not Meet Standard on the OEI performance framework.

| Subject                 | Low Growth | Typical Growth | High Growth | Total Sufficient |
|-------------------------|------------|----------------|-------------|------------------|
| English/Language Arts   | 39.2%      | 23.4%          | 37.3%       | 60.8%            |
| Math                    | 45.2%      | 28.5%          | 26.2%       | 54.8%            |
| <b>Weighted Average</b> |            |                |             | <b>57.8%</b>     |

| 1.3. Does the school demonstrate that students are improving, the longer they are enrolled at the school? |                        |               |                                                                                                                                                       |                |                |                |                |

Many Mayor-sponsored charter schools are serving student populations from chronically low-performing schools. Recognizing this, the OEI performance framework examines student proficiency as a function of how many years students have been enrolled at the school – allowing more time for the school to reach a high level of student proficiency on standardized assessments.

Of those students enrolled at KIPP Indianapolis College Prep for two years, 55.9% were proficient on both English/Language Arts and Mathematics. Of those enrolled at the school for three or more years, 61.5% were proficient on both subjects. Thus, the school earned a **Does Not Meet Standard** on the OEI performance framework.

| 1.4. Starting at the age of 7, students in Indiana are required to attend school regularly. Habitual truancy is defined by the Indiana Department of Education as 10 or more days absent from school, meaning students are required to attend school for 95% of the 180 days in the school year.

KIPP Indianapolis College Prep has an aggregate attendance rate of 94.8%, and a majority of grade levels fell below the 95% standard. Due to its aggregate rate, KIPP Indianapolis College Prep received a **Does Not Meet Standard** on the OEI performance framework.

**Attendance by Grade Level**

|                       |       |   |

The Office of Education Innovation compared the performance of KIPP Indianapolis College Prep to that of Marion County public schools that students would have been assigned to attend based on their place of residence.

The figures on the following page display the results of this comparison. In these figures, **yellow** bubbles represent the traditional public schools that students would have been assigned to attend if they did not attend KIPP Indianapolis College Prep. The size of each **yellow** bubble is proportional to the number of students who would have attended that school. The horizontal axis line represents the average ISTEP+ performance in Indiana, while the vertical axis line represents the 50% growth percentile. Schools located above the horizontal axis had better-than-average performance, while schools located to the right of the vertical axis showed better-than-average growth. The **red** bubble represents the average performance and improvement of all assigned schools. The **blue** bubble represents the performance of KIPP Indianapolis College Prep students.

As shown below, KIPP Indianapolis College Prep students' overall proficiency outpaced that of their peers in English/Language Arts. KIPP Indianapolis College Prep students also had a higher Median Growth Percentile (MGP) in ELA.

As shown below, KIPP Indianapolis College Prep students' overall proficiency outpaced that of their peers in Math. However, KIPP Indianapolis College Prep students had a lower Median Growth Percentile (MGP) in Math.

In combination, KIPP Indianapolis College Prep students outperformed their peers in three of four categories, earning the rating **Meets Standard** for the 2013-14 school year.

| 1.7. Is the school meeting its school-specific educational goals? |                        |                                                                                                                                                                                                                                                                                                             |

|                             | 80% of KIPP students will meet their NWEA MAP standard growth goals.                                         |         |                |         |         | 62% Math, 52% Reading | <b>DNMS</b> |
|                             | The average staff response to the survey question "Overall, I am satisfied with this school" will equal 3.9. |         |                |         |         | 3.9                   | <b>MS</b>   |

Each year, Mayor-sponsored charter schools set two educational goals that are aligned to or support the school's unique mission. All data for school-specific goals is self-reported by the individual school.

In 2013-14, KIPP Indianapolis College Prep set its first goal around student growth on the NWEA assessment. The school reports that 62% of students completed the requirements for Math and 52% for English, earning a **Does Not Meet Standard** on its first goal.

KIPP Indianapolis College Prep set its second goal around staff responses to survey question about the school. The school reports that staff responses averaged 3.9, earning the school a **Meets Standard** on its second goal.

Overall, KIPP Indianapolis College Prep received an **Approaching Standard** on the OEI performance framework for this indicator.

#### School Mission Statement

Our mission is to go above and beyond to prepare our students for college and life success through character-building and academic rigor.
